

During the past year(s), the Penticton Indian Band Housing Department has been ensuring that PIB homes have been installed with Fire Extinguishers that have been provided by First Nation Emergency Services.

The Housing Department has received notice that the extinguishers that were installed have been recalled.

MODEL NUMBERS: E5 MC BC5GD

If your fire extinguisher(s) match those model numbers, please contact the Housing Department immediately.

Attached is the recall letter from First Nation Emergency Service.

The housing Department can be reached at:

Recall Fire Extinguishers Notice

November 16, 2017

**Re: Recall Fire Extinguishers Models:
E5, M5C, BC5GD**

Dear community contact,

On behalf of Kidde Canada, we would like to notify regarding a recent recall. The fire extinguishers sent by **FNESS (model E5, M5C, BC5GD) ARE** part of the extinguishers models recalled.

You might have received a previous notice by email on November 9, 2017 stating the fire extinguishers were not recalled, that is because the list we had did not include the exact model we have. On November 15, 2017 we received direct notification of Kidde Canada that the extinguishers **we sent to you are indeed RECALLED.**

Please, proceed to **collect all fire extinguishers from community members and send them back to FNESS (address below)**, so that we can send them back to KIDDE Canada and acquire replacements for your community members.

You will be receiving a call from FNESS to confirm the number of extinguishers we sent, thus the number of extinguishers that should be sent back to FNESS.

This announcement requires acknowledgement on your behalf. Please return the second page to FNESS either by fax or email.

If you have any inquiries, please do not hesitate to contact us at

TN: 604-669-7305

Email: fireservices@fness.bc.ca

Fax: 604-669-9832

Address to ship Fire Extinguishers: 102-70 Orwell St. North Vancouver BC, V7J 3R5

Kind Regards,

First Nations Emergency Services Society of BC
