“NOTICE”

(July 17, 2023)

PIB EMERGENCY OPERATIONS CENTER (EOC)

The Southern Interior areas will be experiencing an extreme heat wave in the following weeks with temperatures estimated to reach up to 38c.

To ensure we keep our community members and homes safe, the Penticton Indian Band Chief and Council and the PIB EOC wish to advise the Penticton Indian Band Community that:

“EFFECTIVE IMMEDIATELY”

THERE IS A BAN ON ANY OFF-ROADING ACTIVITIES

Specifically prohibited activities include:

1. ATV'ing in back country/off main roads
2. 4 x 4'ing in back country / off main roads
3. Motorcycling in back country/off main roads
4. Driving in back country/off main roads

This extreme heat event quickly dries out vegetation and grasslands and significantly increase the threat of wildfires.

This ban will be in “effect immediately” and will continue to be monitored until further notice.

We must work together to keep our community safe from the threat of fire and ask for your support and cooperation throughout this extreme heat event.
