MARCH 8TH
INTERNATIONAL

Women's Day

On Friday March 8th, we once again celebrate and honor our strong, loving, beautiful women of our Council, administration, community and entire nation. We recognize and honor all women throughout turtle island for your strength and undeniable passion in all that you do for your families and communities.

We truly believe that our mothers, grandmothers, wives, daughters, sisters, aunties, our loving caretakers must be honored each and every day. We watch how many of you can put your own personal issues and challenges aside to ensure the needs of others are attended to. You are our inspiration, our strongest means of support and mentors who keep our families strong and united when challenges come before us.

With this year's theme #inspire inclusion, we are witness to those women who are the majority of our community workforce, who have proven to be strong compassionate and inspiring leaders. We thank all those who continue to play such an important role in building a better future for everyone, especially our children and future generations. Your continued love and support has provided much inspiration to many of our women and young girls to become more empowered in achieving the goals and dreams.

We honor and acknowledge those who keep their voices loud and strong and their continued fight for Missing and Murdered Indigenous Women and Girls and Two Spirit (MMIW2GS).

On behalf of our Band Council and entire community, we honor and celebrate all of our community women, their accomplishments, their achievements and thank you for your continued love and support when we need it the most.
